

WHAT WILL YOU BECOME?

Course Guide 2025/26

ON CAMPUS | ONLINE | WORKPLACE

Box Hill Institute Centenary

Acknowledgement of Country

Box Hill Institute proudly acknowledges that our learning sites at Box Hill, Lilydale and in the Melbourne CBD are situated on the ancestral lands of the Wurundjeri people of the Kulin Nations.

We acknowledge Aboriginal people as Australia's First Peoples and as the Traditional Owners and Custodians of the land and waters on which we rely. We pay respect to Elders past and present, and we work to support emerging Aboriginal leaders.

Become who you want to be

Choosing a career is one of the most important decisions you'll make.

It's not just about a job. It's about finding your purpose.

When you've got a career you're passionate about, work doesn't feel like work. It's something you look forward to that's fulfilling, rewarding and exciting.

Whether you want to care for others, build our surrounding infrastructure, solve complex tech challenges or design the future – finding a career you love begins with training.

At Box Hill Institute, we'll prepare you for the modern workforce and equip you with the skills to find your dream job.

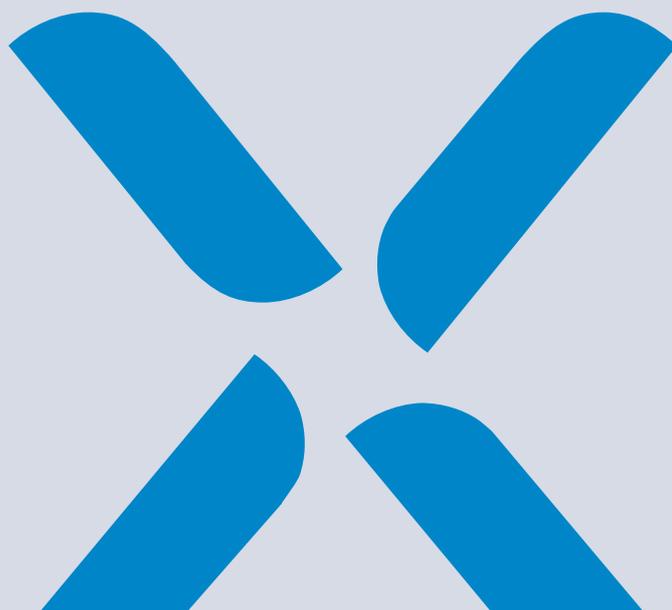

For 100 years, we've helped people achieve real employment outcomes.

Our courses are designed to give you the experience, knowledge and understanding to feel job-ready and empowered to become the person you want to be.

See why more than 25,000 students study with us every year

An extensive range of courses

Certificates, diplomas and degrees. We offer courses in a wide range of study areas, from nursing to trades, cyber security to horticulture and much more!

Industry connections

We work closely with industry to develop our programs. You'll get the skills and experience that employers are looking for and learning opportunities that go beyond the classroom.

Teachers who are industry professionals

Benefit from our teachers' real-life industry experiences, knowledge and innovative ideas. Many continue to work in the field they teach, so you can learn the latest best practices that employers want.

State-of-the-art training facilities

You'll get to train with the latest tools, industry-standard equipment, cutting-edge technologies and authentic simulation labs that reflect real, modern workplaces.

Begin at any stage of your journey

We welcome everyone. School leavers and quarter- or mid-career changers. People returning to work after a break or wanting to upskill for career progression. Our courses can help you achieve your goals, wherever you are in life.

The support you need to succeed

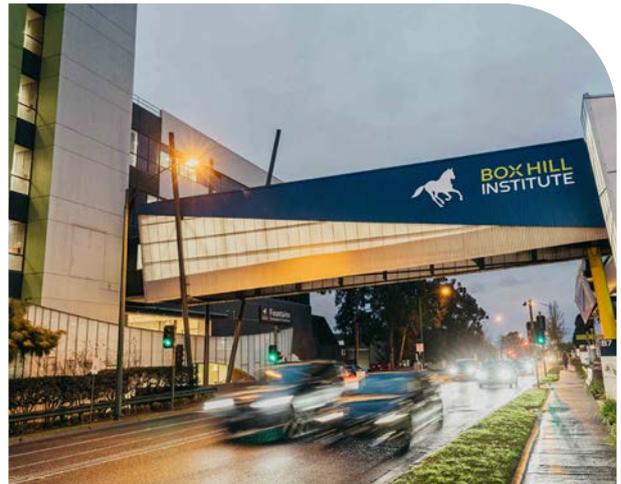

There are lots of helping hands that you can reach out to throughout your training. Our diverse services include learning and accessibility support, counselling and wellbeing programs, and dedicated resources for Indigenous Australians and international students.

Campuses

Where successful careers are made

Come and learn in modern, well-equipped facilities that simulate real working environments and experiences. You'll use tools and equipment from your chosen industry on projects that reflect everyday employment.

Study modes

Giving you options so you can fit your study around work, family, friends and life commitments.

- › Full time or part time
- › On campus
- › Electronic based (online)
- › Blended delivery
(a mix of online and on-campus learning)
- › Off campus
- › Industry or employer based

Our qualifications

A world of study options to choose from

Certificates, diplomas or degrees. You can choose from a variety of nationally-accredited, industry-aligned courses in a range of study areas.

Senior Secondary Programs

Complete your secondary school qualifications in an adult learning environment. Our accessible programs are perfect for mature-age students or those wanting an alternative to traditional secondary school.

Vocational Education & Training (VET) Delivered to School Students (VDSS)

Combine traditional secondary schooling with vocational training. Years 10, 11 and 12 students can gain credits towards a VCE or VCE VM while obtaining unit competencies towards a qualification at a certificate II or certificate III level.¹

Learn more about VDSS at www.boxhill.edu.au/course-areas/vdss/

Victorian Certificate of Education (VCE), Victorian Certificate of Education Vocational Major (VCE VM) & Victorian Pathways Certificate (VPC)

Gain your VCE, VCE VM or VPC qualification to help you enter the workforce or pathway towards further education at TAFE or university. Accessible to secondary school students or mature-age learners, with options for scored (ATAR) or unscored.²

Learn more about VCE, VCE VM and VPC at www.boxhill.edu.au/course-areas/vce/

School-Based Apprenticeships and Traineeships (SBATs)

An SBAT offers years 10, 11 and 12 students the chance to combine their VCE, VCE VM or VPC with part-time employment, school and training. It can give you a head start towards a full-time apprenticeship with an employer.³

Learn more about SBATs at www.boxhill.edu.au/about-us/sbats/

¹ Students undertaking a VDSS course will be enrolled at Box Hill Institute (RTO: 4687). If undertaking a full qualification, upon successful completion you will receive certification from Box Hill Institute. Students completing a partial qualification will receive a statement of attainment for all units achieved from Box Hill Institute.

² Students undertaking a VCE, VCE VM or VPC program will be enrolled at Box Hill Institute (RTO: 4687). Upon successful completion, you will receive certification from the Victorian Curriculum and Assessment Authority (VCAA).

³ An SBAT runs under a training contract between a student and an employer, facilitated by an Apprenticeship Network Provider (ANP). The training contract and training plan are registered with the Victorian Registration and Qualifications Authority (VRQA).

Pre-Apprenticeships, Apprenticeships & Traineeships

Make the workplace your classroom. Pre-apprenticeships, apprenticeships and traineeships are a way to get immersed in real job settings, with opportunities to earn while you learn.

Pre-Apprenticeships

Before you fully commit to an apprenticeship, get a preview of what your future training could be like. Our pre-apprenticeships help you prepare for the job site, equipping you with the skills and confidence to embark on an apprenticeship.

Learn more about pre-apprenticeships at www.boxhill.edu.au/courses/pre-apprenticeships/

Apprenticeships

Apprenticeships provide practical, hands-on and accredited training while you work, meaning you'll get paid while you train. Training can be undertaken on the job, off the job or a combination of both, depending on your employer's needs.

Learn more about apprenticeships at www.boxhill.edu.au/courses/apprenticeships/

Traineeships

In a traineeship, you also learn on the job gaining work experience while undertaking accredited training. We offer traineeships in areas like health, vet nursing, hospitality, early childhood education and more.

Learn more about traineeships at www.boxhill.edu.au/courses/traineeships/

Certificates & Diplomas

Vocational education and training (VET) at TAFE is a practical way to get qualified in the latest skills that are aligned to genuine job and employment outcomes.

Certificates

From certificate I to IV, we offer a diverse range of training options in a variety of study areas. With a focus on job-ready skills, it's the perfect place to get qualified to work in your chosen career.

Learn more about certificates at www.boxhill.edu.au/courses/tafe-vet/

Diplomas

With a diploma, you can deepen your expertise and increase your capabilities in your chosen study area. Our diplomas balance theory-based classes with hands-on training experiences.

Learn more about diplomas at www.boxhill.edu.au/tafe-vet/diploma-courses/

Undergraduate Degrees

Completing higher education at TAFE means small class sizes, dedicated teachers and an emphasis on the practical. We'll help you apply the theory you learn in ways that reflect real careers.

Bachelors & Graduate Certificate

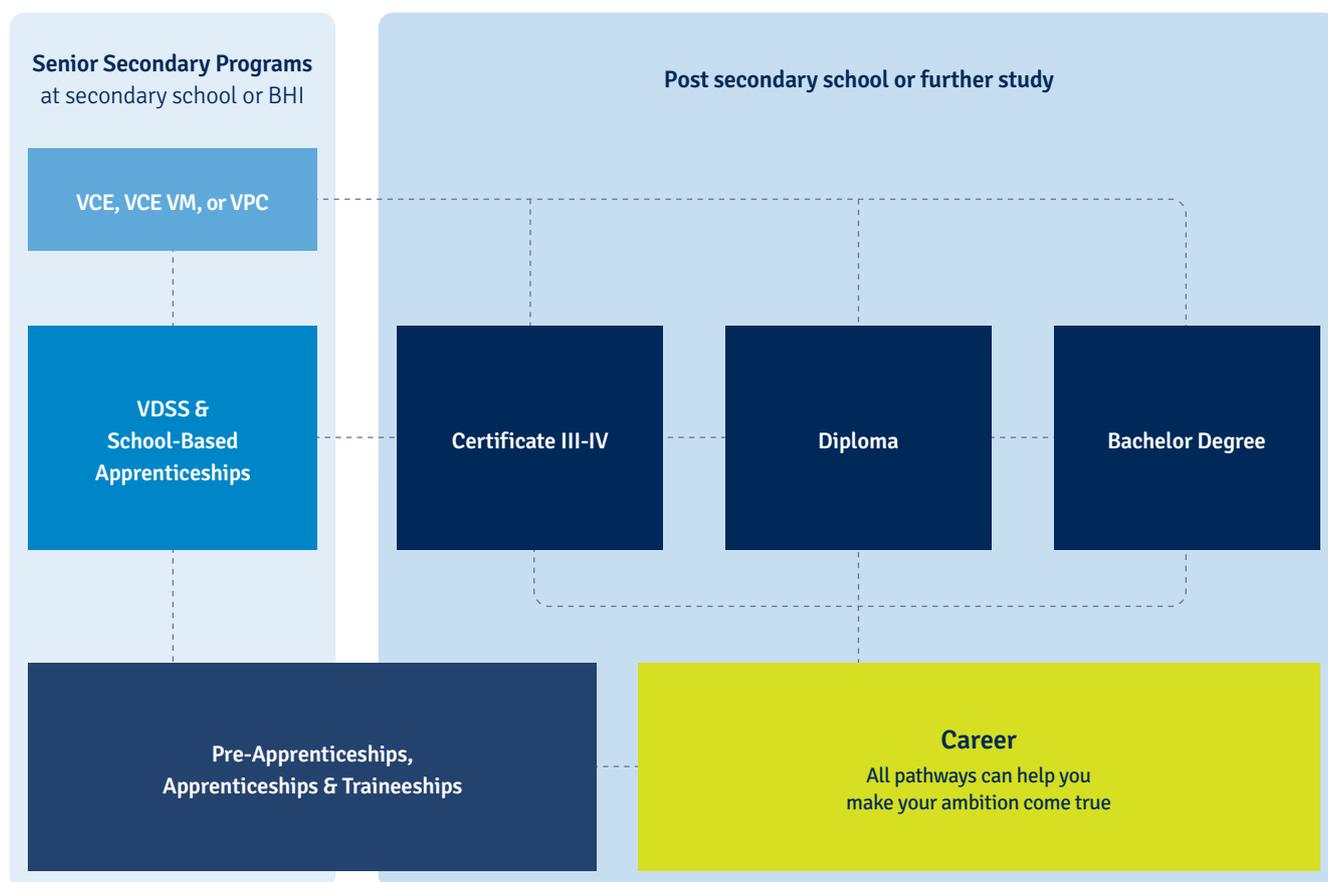

We offer several bachelor and graduate certificate programs in music, fashion, ICT, early childhood education and more.

Learn more about undergraduate degrees at www.boxhill.edu.au/courses/undergraduate/

Pathways at Box Hill Institute

Your path to success is unique to you

There's no right or wrong way to become what you want to be.
We offer many doors that can lead to your dream career.

Pathways to a career

Get support as you transition from education to employment. Whether you're looking for your first job, changing careers or ready to re-enter the workforce, our Skills and Jobs Centres can help map your journey to finding the perfect role.

Available in Box Hill, Lilydale and the Melbourne CBD.

Learn more about the Skills and Jobs Centre at www.boxhill.edu.au/skills-and-jobs-centres/ or contact the team at **03 8892 1350** or sajc.elgar@boxhill.edu.au

Pathways to degrees at Box Hill Institute

Box Hill Institute offers bachelor's degrees in a range of course areas. You can apply for direct entry into a degree or start your tertiary studies with a certificate or diploma that pathways into a degree course. Many diploma courses will provide credits towards your degree and reduce the time taken to complete it.

Learn more about Box Hill Institute's bachelor's degrees at www.boxhill.edu.au/courses/undergraduate/

Pathways to university

A qualification from Box Hill Institute can be a stepping stone to further study at university. We have partnerships with Deakin University, Australian Catholic University and La Trobe University that allow you to pathway into some of their degree programs. Your qualification may even provide credits towards your degree at university or let you skip a year of your degree entirely.¹

Learn more about pathways to university at www.boxhill.edu.au/study-with-us/pathways/

Recognition of Prior Learning (RPL)

Any skills, knowledge and experience you've gained from previous work or study may count towards your training. If you're eligible, RPL can help you gain entry to a course or be credited towards your learning.

Credit transfers

If you have previously completed a course that aligns with your current study program, you can apply to transfer credits for relevant units of study.

Learn more about RPL and credit transfers at www.boxhill.edu.au/recognition-of-prior-learning/

¹ Articulation arrangements, credit transfers and guaranteed entry into higher education courses delivered by other training providers are subject to change. Students are required to meet the minimum admission requirements as determined by other training providers to gain access to their higher education courses.

Student support services

We're with you every step of the way

Achieving your goals can be a massive feat. It takes hard work, as well as the right support.

Our Student Life team delivers free services to help you succeed in study and life, so you can focus on being the best you can be.

You can access these diverse and equitable services at any stage of your training.

No matter the challenge, we're here to lift you up and help you succeed.

Wellbeing support

Student Wellbeing Officers are a great first point of contact when you need help. They assist with course-related challenges and personal difficulties impacting your study and will connect you to specialised support if required.

Counselling

We offer both personal and educational counselling from registered psychologists and social workers. Services are available in person and online through eCounselling.

Accessibility Liaison Service (ALS)

If you have a diagnosed disability and/or health condition, we'll help you liaise with teachers, find the right student support options and help you create a customised Student Access Plan.

Literacy & Numeracy (LN) Support

Strengthen your foundational skills in reading, writing, maths and communication. The LN Support service is tailored to your primary course of study, with dedicated LN Support teachers assisting you in class alongside vocational teachers.

Aboriginal & Torres Strait Islander (ATSI) Unit

Our ATSI Unit is dedicated to helping Indigenous students be part of our community. The team can assist with anything from enrolment and academic support, scholarship and ABSTUDY¹ advice, counselling, career pathways and more.

International student support

Our designated International Student Wellbeing team understands the unique challenges of being an international student in Australia. They offer wellbeing and academic support to help you have an enriching learning experience.

Learn more about Student Life and our support services at

www.boxhill.edu.au/study-with-us/support-services/

1 For more information about the Australian Government's ABSTUDY financial support program for Aboriginal and Torres Strait Islander students, please visit the Services Australia website: www.servicesaustralia.gov.au/abstudy

Scholarships

Financial assistance to help you study

Scholarships can open doors to education by offering financial assistance.

Our wide range of scholarships include access and equity scholarships, as well as academic scholarships and awards.

Remember, not all scholarships are based on academic achievement. They are awarded based on a range of criteria, such as adversity, merit, faculty nominations, your area of study, personal circumstances or financial hardship.

Explore our scholarships at www.boxhill.edu.au/study-with-us/scholarships/

Free TAFE for the jobs Victoria needs

Get in-demand skills, without the tuition fees

Right now, Victoria needs more skilled workers in areas that will help our economy today and in the future. By covering the cost of tuition fees, the Victorian Government has made it easier for you to become qualified in areas with strong job prospects.

If you're eligible, choosing a Free TAFE course is a smart choice. Whether you're a school leaver or a career changer, Free TAFE can remove the financial barrier to training. You can access a wide range of courses and gain skills that employers are looking for, without worrying about the cost of tuition fees.¹

Better yet, there are now Free TAFE priority pathways where you can progress from a certificate to a diploma within the same study area and not pay tuition fees for each individual course.²

Look for the **Free TAFE** symbol in our guide to see which courses are included.

Learn more about Free TAFE and find out if you're eligible at www.boxhill.edu.au/free-tafe-for-priority-courses/

¹ The Victorian Government's Free TAFE for Priority Courses initiative covers the cost of tuition fees subject to meeting eligibility criteria. There are other costs such as student services and/or materials fees you will need to cover yourself. Please refer to the **Fees and Finance Options** information for individual courses on our website.

² Free TAFE priority pathways are only available for selected study areas. The 'once-in-a-lifetime' Free TAFE course limit still applies to non-priority pathway courses.

Animal Care

**Work with animals big and small
We'll teach you how to nurture them all**

Become an animal care professional

Studying animal care gives you the skills to nurture, protect and understand a wide range of animals – fluffy, feathery, crawly or scaly! It also leads to a fulfilling career, where every day you can make a difference to the lives of pets, wildlife, farm animals and the humans caring for them.

Our Animal Care courses are designed around practical training and work experience to ensure a smooth transition from course to career.

**Animal
Care**

**Pet
Grooming**

**Veterinary
Nursing**

Why study Animal Care with us

Get experience at our on-campus vet clinic

Interact with owners and their pets at Pets on Elgar, our professional vet clinic and training workplace.

Connect with leaders in the industry

We work with organisations like the RSPCA, Australian and New Zealand Laboratory Animal Association (ANZLAA), Reptile Encounters and more. You'll get plenty of opportunities to work with animals and be mentored by professionals in the industry.

Lots of areas to choose from

With a variety of courses on offer, you can pick an area to match your interests, develop specialised skills and study a pathway from certificate to diploma (and even further study at university).

Where could your career take you?

Picture yourself working in:

- › Veterinary clinics
- › Animal shelters
- › Boarding kennels or catteries
- › Pet shops
- › Aquariums
- › Farms or stables
- › Zoos or animal sanctuaries
- › Laboratories

Pets on Elgar

Pets on Elgar is a veterinary clinic and training facility for our veterinary nursing and pet grooming students, located at our Elgar campus in Box Hill.

The clinic is open to the public and their pets. Under the supervision of qualified professional staff, students will assist in promoting the health and wellbeing of animals, support surgical procedures, perform animal grooming and more.

Art, Fashion & Design

**Make a name for yourself
even before you graduate**

Become a creative professional

We blend the creative with the practical. Industry-aligned training and mentorship will turn your bold ideas into a stellar career.

We work closely with leaders in art, fashion and design so you'll get lots of opportunities to take your learning beyond the classroom – to runways, events, studios and exhibitions. Your resumé and portfolio will be bursting with demonstrated skills even before you graduate.

Design

Fashion &
Merchandising

Floristry

Visual Arts

Why study Art, Fashion & Design with us

Show (and compete!) at major competitions

Have the chance to present your work amongst the best of the best at major events like Melbourne Fashion Week and the Melbourne International Flower and Garden Show.

Get inspired

Look forward to lots of industry visits and field trips. Our students have taken their learning to flower farms and markets, bespoke printers, the HQ of fashion brands and even behind the scenes of the Australian Ballet!

Be a trendsetter

From 3D fashion technologies to sustainable floristry techniques, our art, fashion and design courses are firmly focused on future innovations. We'll teach you how to set trends, not just follow them.

Where could your career take you?

Picture yourself working in:

- › Creative studios
- › Marketing and digital agencies
- › Production companies
- › Fashion houses and brands
- › Clothing and apparel retailers
- › Florists
- › Events and weddings
- › Art galleries and museums

Health

Why study Community & Social Services with us

Be inspired by teachers who are still in the field

Many of our teachers still work in the industry (because they love what they do!). They'll teach you the best ways to support people based on their everyday knowledge and lived experiences.

Training that reflects real work scenarios

Our practical learning spaces, equipment and training methods reflect real workplaces. Take part in simulation labs (individual support) and roleplaying client interactions (community services and mental health) that mirror the real work that you'll do.

A diverse industry with lots of career options

The community services sector lets you develop transferable skills with opportunities to specialise in areas like child and family services, mental health recovery, disability support and more.

Where could your career take you?

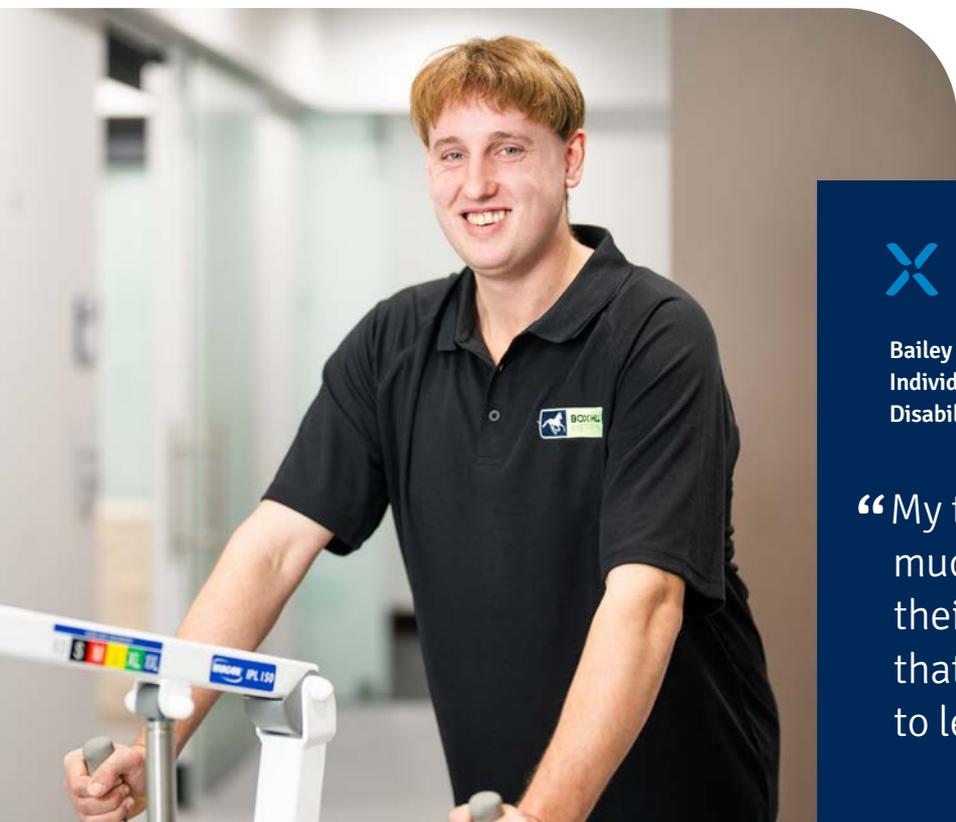

Picture yourself working in:

- › Not-for-profit or non-government organisations
- › NDIS services
- › Community hubs and centres
- › Support work
- › Mental health hubs and services
- › Residential facilities (youth, aged, disability, mental health and NDIS)
- › Outreach services (homelessness, youth and mental health)
- › Homelessness organisations
- › Community volunteer programs

Plenty of pathways to shape the career you want

Our courses can open doors to further study and career directions in community and social services or even the health industry.

When you've successfully completed the Certificate III in Individual Support (Ageing and Disability) (CHC33021) you can pathway to the Certificate IV in Disability Support (CHC43121) or related health courses like the Certificate IV in Allied Health Assistance (HLT43021) or the Diploma of Nursing (HLT51421).

Or you can pathway from certificate to diploma and directly into the second year of a Bachelor of Community Services (BCSV2) at Box Hill Institute.

Successful completion of the Diploma in Community Services (CHC52021) could also lead you to psychology (honours) and social work degrees at other universities.¹

¹ Articulation arrangements, credit transfers and guaranteed entry into higher education courses delivered by other training providers are subject to change. Students are required to meet the minimum admission requirements as determined by other training providers to gain access to their higher education courses.

Cyber Security & ICT

Secure the World Wide Web and a wide world of career opportunities

Become a cyber security & ICT expert

Be on the frontline of building and protecting the systems and networks that connect cities, control finances and protect national security.

Our Cyber Security and ICT courses are industry-aligned and based on the latest developments in technology. But learning about tech is only half the story. It's the practical experience you'll get, using in-demand skills, that will set you apart in the industry.

Why study Cyber Security & ICT with us

Australia's first dedicated cyber security training centre at TAFE

We call it the Cyber Security Operations Centre (CSOC). It features real firewalls, servers and state-of-the-art equipment, with 24/7 access that allows you to remotely control physical equipment in a sandbox environment.

Courses co-designed with industry experts

Our courses are developed with experts from IT, banking and telecommunications to ensure we teach the skills employers need.

Projects based on real, on-the-job skills

From work-integrated learning to an industry project based on an actual cyber security environment, your study reflects the real work you'll do in your career.

Where could your career take you?

Picture yourself working in:

- › IT and telecommunication companies
- › Banks
- › Retailers and online retailers
- › Healthcare organisations
- › Government departments
- › Educational institutions

INFORMATION TECHNOLOGY		What can I become?
Certificate III in Information Technology ICT30120 Free TAFE 🕒 Full time 6 months 📅 Feb, July 📍 Box Hill 🏢 Classroom Based		IT Technician, Helpdesk Support Officer, Customer Service Representative (ICT)
Bachelor of Information Technology BIT01 🕒 Full time 3 years Part time Equivalent 📅 Feb, July 📍 Box Hill 🏢 Classroom Based		Cyber Security Engineer, Cyber Security Analyst, Computer Networking Engineer

Brett studied a **Certificate IV in Cyber Security** (22603VIC)

“Box Hill Institute helped me by providing resources and teachers that were not only accessible, but also knowledgeable and really encouraging.”

†Free TAFE is only available for this course if students have completed the Certificate III in Information Technology (ICT30120).

*The time taken to complete this course will vary depending on your input.

This training is delivered with the Victorian and Commonwealth Government funding. This is applicable to VET, VCE and VPC courses only.

● APPRENTICESHIP ● PRE-APPRENTICESHIP ● TRAINEESHIP ● PRACTICAL PLACEMENT REQUIRED

Get a 360-degree view of today's (and tomorrow's) cyber challenges

Attack. Defend. Monitor. Analyse.

You'll experience what it's like to be on all sides of a cyber security threat. By knowing the enemy, you'll be one step ahead in knowing how to combat them.

Get exposure to a range of technology brands, operating systems and tools that will help you understand a broad range of security vulnerabilities and find ways to mitigate them.

Early Childhood & Education Support

Be ready to lead, guide
and inspire young minds

Become an early childhood educator or education support worker

Take your love of learning and inspire it in others with a career in early childhood education or education support.

We'll nurture your growth in the same way you will for your future students. With passionate teachers by your side, you'll get lots of hands-on experience and mentorship to confidently transition from student to industry.

Early Childhood
Education

Education
Support

Why study Early Childhood & Education Support with us

Learn the best, from the best

Learn from experienced teachers who will share their know-how and teach you the latest best practices being used in the industry.

Comprehensive work placements

Build connections with industry even before you graduate. You'll develop your professional practice through work placements with respected employers in early childhood settings, primary or secondary schools or other registered education or care services.

A choice of study modes

There are full-time, part-time, on-campus and industry-based traineeship delivery modes available for some courses, giving you options to decide how you'll best study.

Where could your career take you?

Picture yourself working in:

- > Preschools
- > Kindergartens
- > Early learning centres
- > Primary and secondary schools (education support)

PlayBox playgroup

PlayBox is a playgroup session that runs at our Elgar campus and is open to families within the local Box Hill community.

When you study the Certificate III in Early Childhood Education and Care (CHC30121), you'll get the chance to facilitate sessions under the direct supervision of our early childhood teachers. It is an amazing opportunity to engage and interact with children and families as part of your studies and get encouragement and feedback from your teachers. You'll practise your skills and build your confidence as you go into your work placements and career.

Hair & Beauty

**Skills that are taught by masters
and perfected on real clients**

Become a hair & beauty professional

Come and train in a dynamic and creative salon and barbershop environment. You'll get plenty of guidance and plenty of opportunities to practise your skills with real clients as part of your learning.

Our courses don't just focus on styling and treatment techniques. They'll also teach you how to navigate the business, grow your client base and really make waves in the industry.

Beauty

Hair &
Barbering

Why study Hair & Beauty with us

A breadth of skills and techniques

From the classics to the latest trends, we'll teach you how to perform a wide range of services to suit everyone's style.

Masterclasses from industry pros

We're connected with some big names in hair and beauty – experts who really know their stuff. As a student, you'll have the chance to learn from their expertise and insights, and gain career advice.

Knowledge that's more than skin deep

The Diploma of Beauty Therapy (SHB50121) deep dives into how to help clients glow from within, through units covering anatomy, physiology and even healthy nutrition.

Where could your career take you?

Picture yourself working in:

- > Hair salons
- > Barbershops
- > Beauty salons
- > Skin clinics
- > Medi spas
- > Resorts
- > Retailers
- > Weddings and events
- > Fashion shows and shoots

Dominic studied a Certificate III in Barbering (SHB30516)

“[You] get a chance to implement real, working skills and what you’ll actually do on a day-to-day basis.”

*The time taken to complete this course will vary depending on your input.

This training is delivered with the Victorian and Commonwealth Government funding. This is applicable to VET, VCE and VPC courses only.

● APPRENTICESHIP ● PRE-APPRENTICESHIP ● TRAINEESHIP ● PRACTICAL PLACEMENT REQUIRED

On-campus salon, day spa and barbershop

Pamper paying clients and practise the skills you'll use on the job.

Our on-campus salon, day spa and barbershop use industry-standard equipment along with the finest hair, beauty and aromatherapy products. These training spaces mirror the professional salons, day spas and barbershops you'll be working in when you qualify.

Horticulture, Landscaping & Conservation

Dig into field work with nature's backyard as your classroom

Become a horticulture, landscaping or conservation professional

Want to work outdoors to grow, manage and protect the nature surrounding us? Horticulture, landscaping and conservation are evergreen industries where your qualification can lead to a landscape of opportunities.

Our training begins where nurture meets nature. Our experienced teachers and industry connections will inspire your growth and teach you how to make a positive impact on urban and regional environments.

Horticulture &
Landscape Construction

Conservation

Why study Horticulture, Landscaping & Conservation with us

The Yarra Ranges are our neighbour

You'll study at our Lilydale campus, close to Yarra Ranges National Park. There's no better environment to learn about plants, soil, ecosystems, biodiversity and more.

Get experience on real projects

Get elbow-deep in field work out in industry. Like our conservation students who worked with the Yarra Ranges Council to revitalise the Warburton Rail Trail. Or our horticulture students who applied their gardening skills at the Lilydale Bowling Club.

Courses co-designed with industry

We've consulted major organisations in the sector to ensure our courses give you skills that align with what employers want. From the theoretical to the practical, every unit is carefully designed to help you in your career.

Where could your career take you?

Picture yourself working in:

- › Local or national parks and forests
- › Public gardens and reserves
- › Bushland reserves
- › Nurseries
- › Garden centres
- › Residential homes
- › Commercial properties
- › Golf courses and sporting areas

Lilydale campus – a green haven for your classroom

Step out of the traditional classroom and apply your skills across more than five acres of land.

With the guidance of our teachers, you'll use industrial tools and equipment to plan, grow, shape, construct and manage plant and garden projects from start to finish.

Hospitality & Culinary Arts

Industry-aligned training is the recipe to career success

Become a hospitality & culinary professional

The world of hospitality and culinary arts dishes up a diverse and dynamic range of career opportunities, whether you want to work front of house or back. Our graduates have made their mark in the industry. Now it's your turn to join the ranks and whip up your own success.

You'll be mentored by hospitality and culinary veterans. They won't just teach you the skills to serve and lead; you'll learn how to showcase your talents so employers really take notice.

Culinary Arts

Hospitality

Why study Hospitality & Culinary Arts with us

Gold-standard kitchen and front-of-house setup

Come and train in the finest kitchen and dining facilities – just like the spaces you’ll work in when you’re qualified. It includes a licensed bar and restaurant with seating for 120 people and a demonstration kitchen theatre with a MasterChef-style camera setup.

Teachers who are seasoned professionals

In your day-to-day, you’ll learn from teachers with more than 15 years’ experience in the industry. They know what it takes to succeed and will help you navigate your career.

Small class sizes, more personalised teaching

We keep our practical classes small so that you get individual attention and feedback. We’ll guide you on specific ways to refine your technique and build your confidence through practise.

Where could your career take you?

Picture yourself working in:

- › Hotels
- › Restaurants
- › Cafés
- › Clubs
- › Event catering organisations
- › Airlines

Some of Australia's biggest names started right here

Tobie Puttock. George Calombaris. Guy Grossi. Frank Camorra. Curtis Stone. These are some of the award-winning chefs who have come through Fountains Restaurant, our premier training restaurant at our Box Hill campus – and where you'll come and train too.

We're lucky enough to have them stop by sometimes, back to where it all began, running special masterclasses for our students.

Music Industry

We'll help you make the whole world your stage

Become a music industry professional

Behind every big hit are experts who have mastered the skills to write, compose, record, produce, perform and market it. We'll teach you everything you need to become a music expert and make your big break in the industry.

You'll get hands-on experience in our excellent music facilities, mentorship from experts and lots of opportunities to build industry connections and showcase your skills. You'll have a long list of projects and performances under your belt, even before you graduate.

Maddy studied a Bachelor of Music Industry (Major in Performance) (BMI1P)

“I chose to study this degree at Box Hill Institute because it offered such a diverse range of subjects.”

*The time taken to complete this course will vary depending on your input.

This training is delivered with the Victorian and Commonwealth Government funding. This is applicable to VET, VCE and VPC courses only.

● APPRENTICESHIP ● PRE-APPRENTICESHIP ● TRAINEESHIP ● PRACTICAL PLACEMENT REQUIRED

World-class studios, production suites and equipment

Access cutting-edge recording studios, film production suites, rehearsal spaces and a flexible 250-seat performance space. Our facilities are kitted out with the latest digital equipment, vibration isolation, auditorium acoustics, noise control and production systems.

You'll get the chance to work in our flagship Studio A, featuring a 72 channel SSL K-series desk used by the likes of Kylie Minogue, KISS, Jimmy Barnes and more.

Nursing & Health

**Work placements + simulation labs
= real skills based on real patient care**

Become a healthcare worker

Studying nursing and health is your chance to make a difference to people's wellbeing. Step into a dynamic and ever-evolving industry where your compassion will drive your career progression.

You'll be inspired by our trainers who bring their expertise and passion for high-quality care to every lesson. And with practical learning, work placements and industry-based training options, you won't have to wait to start building your career.

Ageing &
Disability

Allied
Health

Dental

Health
Services

Nursing

Pharmacy

Why study Nursing & Health with us

Get practical experience through placements

Most of our Nursing and Health courses include work placements with leading industry healthcare providers in a range of care settings. You might even get the opportunity to apply for graduate roles with that provider upon completion of your work placement or course.

Learn from practising health professionals

Our trainers are passionate about the healthcare sector and continue to work in their professions. You'll benefit from their industry connections and knowledge of the most up-to-date practices.

A dynamic industry that offers many pathways

A course could be your stepping stone to further study and training in health. For example, after completing your Diploma of Nursing (HLT54121), you could enter a degree at Deakin University, Australian Catholic University or La Trobe University to become a registered nurse (and work as a qualified enrolled nurse while you study).¹

Where could your career take you?

Picture yourself working in:

- > Public or private hospitals
- > Health clinics
- > Residential facilities
- > Aged care facilities
- > Disabilities facilities
- > Mental health facilities
- > Rehabilitation facilities
- > Public or private dental health clinics

Explore our Nursing & Health courses online

¹ Articulation arrangements, credit transfers and guaranteed entry into higher education courses delivered by other training providers are subject to change. Students are required to meet the minimum admission requirements as determined by other training providers to gain access to their higher education courses.

“When you finally graduate, you’ll be able to step into the workplace and you won’t feel like you’re out of your realm.”

*The time taken to complete this course will vary depending on your input.

This training is delivered with the Victorian and Commonwealth Government funding. This is applicable to VET, VCE and VPC courses only.

● APPRENTICESHIP ● PRE-APPRENTICESHIP ● TRAINEESHIP ● PRACTICAL PLACEMENT REQUIRED

Learning spaces set up like a real hospital and clinic setting

Our cutting-edge training spaces for nursing, operating theatre technician and dental assistant students replicate real-life patient situations.

These high-tech simulation facilities feature advanced medical equipment, letting you develop both practical and theoretical skills, under the guidance of our dedicated staff.

Senior Secondary Programs

Redefine your secondary school experience at TAFE

Become all you can be. Complete your VCE.

Secondary school isn't the only place to complete your VCE. If you're looking for an alternative to traditional school or a more personalised way to further your education, then our VCE programs could be for you.

We treat every student as an individual. Whether you're academically inclined, a hands-on learner, a mature-age student or have additional leaning needs, we'll help you balance your preferred way of learning with your goals.

Victorian Pathways
Certificate
(VPC)

Victorian Certificate
of Education
(VCE)

Victorian Certificate of
Education Vocational Major
(VCE VM)

Why study VCE, VCE VM & VPC with us

Adult learning environment

Around 80% of our VCE students are over the age of 19 (and 8% are over 40). Our VCE program welcomes mature-age students, but also secondary students who'll thrive in an adult learning environment.

Smaller class sizes, more individual support

Our teachers are your biggest cheerleaders and will give you the individual support you need to do well. They'll even work with you on ways to adapt your learning experience to suit your goals and circumstances, whatever they might be.

Combine your VCE with vocational learning

In a VCE VM program, you'll learn in-demand skills that prepare you for apprenticeships, traineeships, further study or employment. Assessments are mostly project-based (you'll only sit one general achievement test exam), which means no ATAR.

A guide to Secondary School Programs

VPC

- > For 16–18 year olds who are not ready to study a VCE or VM and don't need an ATAR
- > Classroom-based learning
- > Pathways:
 - Year 11 and the VCE or VCE VM
 - Entry-level vocational course, apprenticeship or traineeship
 - Employment

VCE

- > Anyone 16 years or above wanting to earn or improve their ATAR in a non-traditional secondary school environment
- > Classroom-based learning
- > Pathways:
 - University
 - A vocational course, apprenticeship or traineeship
 - Employment

VCE VM

- > Anyone 16 years or above who wants to complete years 11 and 12, prefers applied learning and doesn't need an ATAR
- > Classroom-based learning and community projects
- > Pathways:
 - A vocational course, apprenticeship or traineeship
 - University (through alternative entry programs)
 - Employment

This course will provide you with knowledge and skills to pathway into the VCE Vocational Major, a vocational course or employment in your chosen industry

Sarah studied a **Victorian Certificate of Education** (VCE0000001)

“The cohort of students are there because they’ve made the choice to go and study. [It] meant that there was a different motivation in the class.”

*The time taken to complete this course will vary depending on your input.

This training is delivered with the Victorian and Commonwealth Government funding. This is applicable to VET, VCE and VPC courses only.

APPRENTICESHIP PRE-APPRENTICESHIP TRAINEESHIP PRACTICAL PLACEMENT REQUIRED

Chloe studied a Certificate II
in Plumbing (Pre-apprenticeship)
(22569VIC)

“Studying here at Box Hill Institute, doing VDSS, it’s given me the opportunity to get basic knowledge and skills that will help me transition into my apprenticeship next year while still studying at high school.”

Become your best with VDSS

The Vocational Education and Training (VET) Delivered to School Students (VDSS) program gives secondary school students the chance to explore their interests and gain credits for their Victorian Certificate of Education (VCE) or VCE Vocational Major (VCE VM). They will also obtain unit competencies towards a qualification at a certificate II or certificate III level.

Students will attend Box Hill Institute for one half-day per week as part of their usual secondary schooling. They will work towards completing a full or partial vocational qualification, establishing a pathway to their career and further study.

Learn more about VDSS at www.boxhill.edu.au/course-areas/vdss/

Sport, Fitness & Outdoors

To become a pro you have to train like one

Become a sport, fitness or outdoor leader

Set yourself up with the skills to create your own adventure. Whether you want to make the gym, arena or mountain your domain, we'll shape you into a powerful leader.

Our courses are designed to bring out the best in your abilities, regardless of your background. You'll learn a diverse range of skills – from coaching and guiding, to community development and event management – that will connect your passions to the best job opportunities.

Sport

Fitness

Outdoors

Why study Sport, Fitness & Outdoors with us

Become the best by learning from the best

Our teachers have worked as professionals across all levels of sport, including athletes at an elite level. They're passionate about sharing their wisdom and being your cheer squad – not just while you study but throughout your career.

Get exclusive access to our on-campus gyms

Sport and fitness students get to learn in our on-campus gyms that reflect the boutique-style personal training studios you might work in one day.

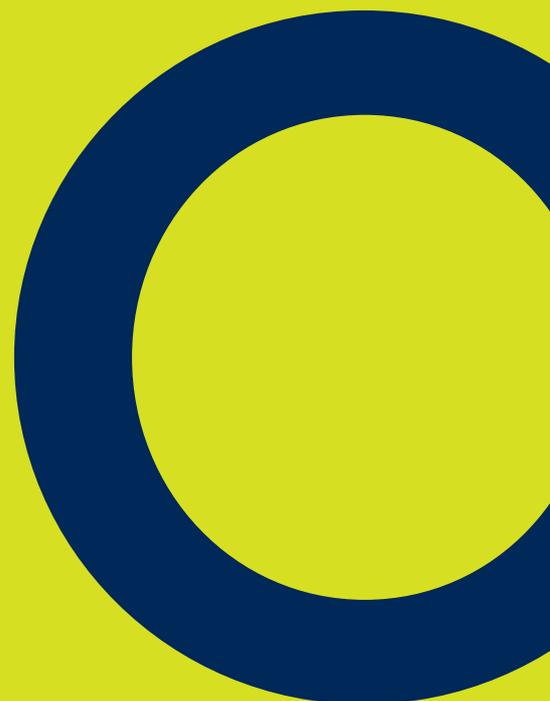

Take part in industry events

You'll start building up your resumé even before you graduate, with opportunities to take part in events and community projects. For example, our Diploma of Sports (Sport Development) (SIS50321) students helped manage the Great Ocean Road Running Festival, which attracted more than 10,000 participants.

Make the Yarra Ranges National Park your classroom

Located 50 minutes from the Melbourne CBD, our Lilydale campus is set on the doorstep of the picturesque Yarra Valley.

Outdoor leadership students get to learn amongst the lush local bushlands and the serene Lilydale Lake. There's no better setting to gain hands-on experience in bushwalking, canoeing, mountain biking and more.

Trades & Transport

Master future-ready skills
to lead the trades of tomorrow

Become a tradie

We'll give you the technical skills and confidence to get on the tools and out on the job site. Whether you'd like to become a builder, carpenter, plumber, electrician, refrigeration technician or automotive mechanic, we offer nationally-recognised training to help you get qualified.

When you train with us, you'll learn the ropes from teachers who live and breathe their trade and know exactly what employers are looking for.

Why study Trades & Transport with us

Pre-apprenticeship to qualified pro

Our courses take you from your first steps on the job site to becoming skilled professionals and leaders on site. We'll guide you throughout your journey to make sure you're feeling confident and ready to master the industry.

Real-deal workshops and equipment

Augmented reality welding tech. The latest power tools and equipment. Ultra-modern training pods. We've set up our training spaces like real job sites, making it seamless to move between your on-campus and workplace-based learning.

Connections to industry leaders

We work closely with industry to ensure our qualifications offer relevant knowledge and experience. Your training is aligned to job-ready skills that are firmly focused on what employers want.

Where could your career take you?

Picture yourself working in:

- › Residential homes
- › Commercial buildings
- › Construction sites
- › Major infrastructure development sites
- › Automotive workshops
- › Pre-fabrication factories
- › Manufacturing companies
- › Tools and equipment suppliers
- › Telecommunications providers
- › The Australian Defence Force

Hands-on training in innovative facilities

Simulated automotive workshop

Our purpose-built workshop is designed to reflect the ins-and-outs of a modern automotive workspace. From changing oil to taking engines apart, the workshop allows you to practise skills in building, servicing and repairing vehicles – including EVs.

Integrated Technology Hub

Located at our Elgar campus in Box Hill, these collaborative and innovative learning spaces are custom-built for air conditioning, refrigeration, mechanical, plumbing and electrical technology industries. This world-class facility is housed in a 5-star-rated, environmentally-friendly building, which means our programs are aligned to industry requirements.

Lilydale Nallei Jerring Nyerboing Trade Centre

The state-of-the-art trades centre at our Lilydale campus delivers the latest training in wood, electrical and plumbing trades. The centre houses custom-built facilities for students, including indoor and outdoor working spaces, that reflect real job-site environments.

James studied a Certificate III in Carpentry (CPC30220)

“My teachers were all so friendly. They went above and beyond to help me in my training and were always willing to give me a hand or some advice, even after I completed my apprenticeship.”

Training & Assessment

**Use your experience
to teach the next generation**

Become an industry trainer

With the increasing demand for vocational education teachers, have you considered taking your expertise from the field to the classroom? Our courses in vocational training, assessment and education are facilitated by highly qualified and experienced trainers. They'll teach you the essential skills, knowledge and professional requirements you need in your career as a trainer or assessor.

Why study Training & Assessment with us

Study part-time

Our courses are offered part-time so you can balance study around your other work, family and life commitments.

Free TAFE available

If you're eligible¹, you can study the Certificate IV in Training and Assessment (TAE40122) through Free TAFE – even if you've already completed another Free TAFE course.

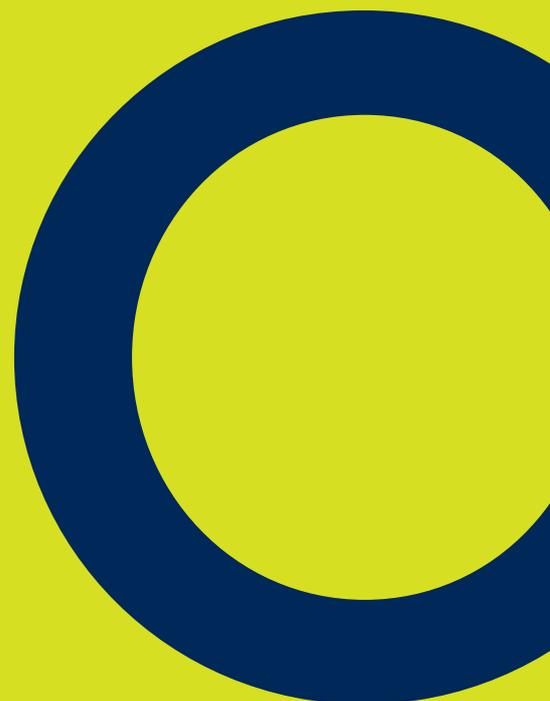

Mentorship and support

Our trainers will provide you with lots of support and resources to help you complete your training and make the transition to teaching as seamless as possible.

Where could your career take you?

Picture yourself working in:

¹ The Victorian Government's Free TAFE for Priority Courses initiative covers the cost of tuition fees subject to meeting eligibility criteria. There are other costs such as student services and or materials fees you will need to cover yourself. Please refer to the Fees and Finance Options information for this individual course on our website.

TRAINING & ASSESSMENT	What can I become?
Certificate IV in Training and Assessment TAE40122 Free TAFE 🕒 Part time 1 year 📅 Jan, April, May, July, Oct 📍 Box Hill 👤 Blended	Vocational/TAFE Educator, Industry Trainer, Industry Assessor
Graduate Certificate in Adult and Vocational Education GCV01 🕒 Part time 1 year 📅 Feb 📍 Box Hill 👤 Electronic Based	Vocational/TAFE Educator, Industry Trainer, Industry Assessor

Daniel studied a Certificate IV in Training and Assessment (TAE40122) and teaches plumbing at Box Hill Institute

“I didn’t expect the support that I got prior to starting... Coming from an industry where you work alone a lot, into a facility where you work as a team... that was a big thing for me.”

*The time taken to complete this course will vary depending on your input.

This training is delivered with the Victorian and Commonwealth Government funding. This is applicable to VET, VCE and VPC courses only.

● APPRENTICESHIP ● PRE-APPRENTICESHIP ● TRAINEESHIP ● PRACTICAL PLACEMENT REQUIRED

Julia studied the Graduate Certificate in Adult and Vocational Education (GCV01) and teaches building surveying at Melbourne Polytechnic

“The best thing I’ve learned so far has been how many teaching strategies there are... the theories behind it, as well as the inclusiveness. There’s no ‘one-size-fits-all’ for students.”

Graduate Certificate in Adult and Vocational Education (GCV01)

Want to take your vocational teaching career further? Deepen your understanding of adult learning principles with the Graduate Certificate in Adult and Vocational Education (GCV01).

This course teaches experienced vocational educators how to transform learning into a wonderful experience for students. You’ll use the latest theory and research on teaching in the Vocational Education and Training (VET) sector to reflect on your practice and improve the way you teach.

Work Preparation & Foundation

We'll help you find your place in the community

Our work preparation and foundation programs are designed to engage students in adult education and encourage them to become confident and independent members of the community. Our goal is to give students a soft landing into adult education and employment.

In a small class environment, our expert teachers will provide individualised support and feedback, inspiring every student to feel excited and positive about their future.

Work preparation and foundation programs

Our Work Education and Transition Education programs are tailored to the individual learning needs of students living with cognitive impairment or intellectual disability. By developing essential skills and behaviours, we'll help them feel ready to pursue further study, work placements, volunteering and employment opportunities.

Work Education

Through hands-on learning, students will practise employability skills such as communication, teamwork, personal management, problem solving and decision making. They'll explore different types of jobs and industries by taking part in work placements and vocational activities.

Accredited foundation literacy and numeracy courses may be taught alongside this course to help reduce barriers to training and employment.

Transition Education

Students will grow their independence by developing skills in reading, writing and communication, as well as time management, budgeting, technology and travelling.

Education partnerships with disability service providers

In partnership with disability service providers, we offer accredited courses for students living with cognitive impairment or intellectual disability, so they can enjoy being part of the community and prepare for work or further study.

Whether students require independent life skills, literacy and numeracy support or help getting ready for employment, we work closely with our partners to develop experiential learning models that are customised and meaningful.

Work Placement Partners

Explore our Work Preparation & Foundation courses online

Pre-Accredited Training

A first step towards your goals

Adult, Community and Further Education (ACFE) Pre-Accredited Training programs are short introductory courses designed to give you foundational knowledge.

They get you ready to study by improving your literacy, numeracy or digital skills; or grow your expertise in other areas to prepare you for formal study or work.

ACFE courses can also help you transition into employment or a specific vocational training course.

Learn more about pre-accredited training and explore available ACFE courses at www.boxhill.edu.au/study-with-us/transition-and-pathway-courses/

Skills First Reconnect program

Overcoming barriers to training and employment

If you're facing challenges that prevent you from being employed or studying, we can help.

The Reconnect program gives you access to resources such as counselling and mentoring, employment and ongoing study support, career pathway planning and referrals for mental health, crisis and housing services.

If eligible, you'll be provided a case manager to help you to reengage with employment or study. They'll give you the extra assistance and encouragement you need to get you back on track with your life goals.

Learn more about the Reconnect program and see if you're eligible at www.boxhill.edu.au/study-with-us/reconnect-program/

Skills First Reconnect is offered through funding support from the Victorian Government.

Short Courses

A quick boost to your professional or personal skills

Looking to develop a new skill? A short course with the Centre for Adult Education (CAE) may be just what you need to fulfill your passion or professional aspirations.

We offer courses in a wide range of areas taught by experts in their field. From one-day intensives to 3-month programs, you're sure to find something that's right for you.

Since 1947, the CAE has provided adult learning opportunities to Victorians, with a regular calendar of fun and educational short courses.

Explore CAE short courses at www.cae.edu.au/

Explore short courses in:

- › Art, craft and textiles
- › Languages
- › Fashion, sewing and designing
- › Performing arts
- › Fitness, health and wellbeing
- › Photography and film
- › History, culture and philosophy
- › Digital design and multimedia
- › Computers and technology
- › Business short courses and much more!

How to apply

Ready to become what you want to be?

Apply now

Apply online

Apply directly on our website. With our simple online applications, it's easier than ever. You can even apply and pay for your course using your mobile phone.

Apply on campus

Make an appointment and apply in person at our Box Hill, Lilydale or city campus.

To book an appointment, call **1300 269 445** or visit www.boxhill.edu.au/study-with-us/book-1-on-1/

Apprenticeships

If you're interested in starting an apprenticeship, the first step is to find an employer and an Apprentice Connect Australia Provider. They'll assist you when it's time to enrol in your course.

Learn more about apprenticeships at www.boxhill.edu.au/courses/apprenticeships/

VDSS

For secondary school students, speak to your school's VET coordinator or Career Practitioner to apply for a VDSS course.

Students in homeschooling settings should speak with their registered school or non-school senior secondary provider to learn how to access VDSS.

Learn more about VDSS at www.boxhill.edu.au/course-areas/vdss/

Get career advice

The Skills and Jobs Centre offers free advice on how to achieve your career goals. They can support you before, during or after your studies as you move from education to employment.

To make an appointment, call **03 8892 1350** or email sajc.elgar@boxhill.edu.au

Need help?
